## How to Order

### Digital Print Order

You can come to the studio if you wish but you can also do it on line by “favoriting” the ones you wish then contact us for additional steps.

### Print Order

1. Download and print the [order form](#). Pick which poses/images you want to use and write them down under “pose” on the order form.
2. Decide if you want a package or a la carte.
3. Pick image sizes and write them down next to the “pose” on the order form.
4. If you would like an album, put those image numbers at the bottom of the first page. Please select a minimum of 22 images for the album.
5. Pick which poses you wish to have in the yearbook and indicate that on the bottom of the first page.

### Pose Changes When You Place Your Order

A pose change is anytime you use more than one of the images we take in your order. We include 1 pose change with any purchase. The reason for a pose change charge is to cover the labor for retouching and other labor associated with the new pose change.

**Pose Change Price: \$15**

**\$15 per pose, unless included in package**

### Yearbook Information:

There is no charge for a yearbook photo with any order of \$400 or more. Otherwise, it'll be \$150. All yearbook photos will be sent directly to your school. It is your responsibility to be sure they received it.

# Digital Packages

## Hi Resolution Digital Images

- When you purchase digital files, all images are retouched and ready to print.
- A copyright release is included.
- Please only use MPIX.com for printing. MPIX is a professional lab. We will not guarantee the results if **you choose to use another lab**. MPIX.com is competitively priced, and you will not be disappointed. Mpix is the lab we use for all of our prints.
- The minimum order for digital images is \$500

## Digital image pricing

- 1-5 digital images, \$100 each (minimum \$500)
- 6-10 digital images for \$75 each
- 11-15 digital images, \$65 each
- 16 images or more, \$65 each

## Examples

- The minimum order for digital images is \$500, so if you buy 1 or 5 digital images the cost is \$500
- 9 digital images = \$900 (9x\$100)
- 10 digital images = \$800  
ETC.
